

DIRECTORY OF ACCREDITED CRANE OPERATOR CERTIFICATION PROGRAMS

Revised February 28, 2023

Summary of updates to this document:

New entry: Carpenters International Certification Council (CICC) .

This Directory is organized into three Sections:

SECTION 1: LIST OF ACCREDITED CERTIFICATION ORGANIZATIONS

SECTION 2: LIST OF ACCREDITED CERTIFICATION PROGRAMS

SECTION 3: LIST OF CERTIFICATION ORGANIZATIONS NO LONGER ACCREDITED AND/OR RECOGNIZED

Note that not all certification programs offered by any one certification organization are necessarily accredited; only those that are accredited are listed here. Also, both accrediting bodies (ANSI and NCCA) require annual reviews of the programs accredited within their five-year accreditation period. Certification organizations must successfully pass their annual reviews in order to remain accredited.

Employers should check with the online directories maintained by the accrediting bodies to ensure the accreditation is current. For ANSI go to: <https://bit.ly/3jrb9GP> For NCCA go to: <https://ice.learningbuilder.com/Public/MemberSearch/ProgramVerification>
